EDUCATION

University of Minnesota, College of Science and Engineering

Minneapolis, MN

Bachelor of Science in Computer Science

May 2027

GPA: 3.86

Dean's List: Fall 2024, Spring 2025

WORK EXPERIENCE

Computer Science R&D Intern, HaF Equipment

Maplewood, MN | May 2026 – August 2026

- Completed a two-week ROS2 training covering Nodes, Topics, Services, and Actions to build foundational robotics mid-levelware knowledge.
- Built a full-stack Next.js web application with 4 protected pages and ~50 React components, focusing on frontend architecture using JavaScript, HTML, and CSS.
- Implemented global application state with Zustand and server-state management/data fetching with TanStack Query via API routes.
- Collaborated in a Dockerized, Git/GitHub-based workflow across a large shared codebase in a team environment.

PROJECT EXPERIENCE

Unreal Engine Game Development

June 2025 – August 2025

- Developed a video game in Unreal Engine using Blueprints, C++, interfaces, classes, and artificial intelligence.
- Collaborated with a partner to divide responsibilities and brainstorm creative gameplay ideas.
- Designed over 100 assets, including characters, meshes, skeletons, materials, levels, inputs, and animations.
- Implemented core game systems, including inventory, player traits, enemy AI, and game progression.

Innovation Design and Development, Engineering, Mathematics, and Science

September 2023 – May 2024

- Designed an innovative product solution using engineering principles to address real-world challenges.
- Conducted research and testing to refine product functionality, efficiency, and usability.

Economic Research Team, Business Professionals of America

October 2022 – April 2023

- Conducted in-depth economic research and developed comprehensive reports on market trends, earning second place at the national competition.

LEADERSHIP EXPERIENCE

Teaching Assistant, University of Minnesota

Minneapolis, MN | January 2025 – Present

- Assist with teaching and grading for Introduction to C/C++ and Computational Linear Algebra.
- Led 13 lab sections and provided office hours to improve student comprehension and course engagement.
- Conduct weekly review discussions to reinforce student understanding before quizzes.

Community Advisor, University of Minnesota

Twin Cities, MN | August 2025 – Present

- Support 41 residents by initiating conversations, building relationships, and managing conflicts.
- Serve evening and weekend duty shifts, responding to reports, emergencies, and ambiguous situations.
- Collaborate with Pioneer Hall staff, complete administrative tasks, and attend team and supervisor meetings.

Team Leader, Business Professionals of America

Blaine, MN | October 2022 – April 2024

- Managed a four-member team by delegating tasks and coordinating project timelines.
- Developed strategic plans and presentations that earned three awards at the state and national levels.

SKILLS

Languages & Frameworks: Python, Java, C/C++, JavaScript, HTML, CSS, React, Next.js, Object-Oriented Programming, ROS2

Tools & Platforms: Zustand, TanStack Query, Docker, Git/GitHub, Figma, Unreal Engine, Linux, Command Line, Visual Studio Code, Windows, Microsoft Office
